**Modern** informatization problems in the technological and telecommunication systems analysis and synthesis (MIP-2023'AS): Proceedings of the XXVIII-th International Open Science Conference (Yelm, WA, USA, January 2023)/ Editor in Chief Dr. Sci., Prof. O.Ja. Kravets. - Yelm, WA, USA: Science Book Publishing House, 2023. – 112 p. (105-216)

**ISBN 978-1-62174-148-0**

Proceedings summarizing the results of the XXVIII-th International Open Science Conference "Modern informatization problems in the technological and telecommunication systems analysis and synthesis" (MIP-2023'AS), held in November 2022 - January 2023. It contains information within the following areas: **simulation of complex systems and engineering procedures, telecommunication systems and applications.**

Data gathered within collected papers may be useful to researchers and engineering technicians, whose work involves various aspects of modern society informatization, as well as to postgraduates and students studying subjects related to informatics and computer engineering.

## Preface

Dear Colleagues!

Present proceedings were published to summarize the results of the XXVIII International Open Conference "Modern informatization problems in the technological and telecommunication systems analysis and synthesis" (MIP-2023'AS). The conference was held through the joint efforts of Science Book Publishing House (USA), Baku State University (Azerbaijan), Vologda State University, Lipetsk State Technical University, Don State Technical University (Rostov-on-Don), and the Academy of Federal Security Guard Service of the Russian Federation (Orel), in November 2022– January 2023.

Proceedings contain information within the following areas: simulation of complex systems and engineering procedures, telecommunication systems and applications.

The conference was held to encourage exchange of experience between leading experts in utilization of information technologies in various spheres of science, engineering, and education. The conference followed the traditions established by its predecessors.

Representatives of leading research centers and educational institutions some countries introduced the audience to the results of their research, which are available not only in this collected works, but on <http://www.sbook.ru/spi>.

Organizing Committee Chair,  
Editor in Chief  
Dr. Sci., Prof.

O.Ja. Kravets

## Contents

Preface .....	107
Almusawi O.A.R. Cloud route-unstable networks: security enhancements and replication optimization .....	108
Avetisyan T.V., Lvovich Ya.E., Preobrazhensky A.P. On the characteristics of calculating the scattering characteristics of electromagnetic waves on an object of complex shape.....	118
Gorshkov A.V. Data aggregation and network lifetime increase factor: a new algorithm and simulation study.....	123
Gromey D.D., Izotova T.Yu., Fefilov D.A. Approaches to the development of intelligent cloud IT infrastructure based on the concept of autonomous computing.....	134
Kuzmenko R.Y., Tabolin I.I., Danilov A.D. A method for transmitting telemetric information when checking the strength and stability of the spacecraft's energy nodes to the effects of linear acceleration.....	138
Lapko A. On the issue of transaction isolation levels in the PostgreSQL DBMS....	143
Le Ba Phuong, Nguyen Thi Hien, Nguyen Thi Lan, Nguyen Thi Minh Tam. Mathematical model for some rectifier circuits .....	148
Mantserov S. A., Lomakina L. S., Vitkovskaya A. N. Predictive computing model based on ensemble machine learning methods for problem states of complex technical systems.....	152
Mironov O.Yu., Techov M.I., Skripkina M.A. Features of countering threats to information security in corporate communication networks .....	156
Morozova N.I., Kushnir I.B. Prospects for the development of Big Data technologies in recommendation tourism systems .....	162
Nikonorov V.M. Dynamics of information and communication technologies in the Russian Federation.....	169
Redkin Yu.V. Features of building wireless ship networks based on ZigBee.....	172
Rykshin M.S., Stelmaschuk I.V., Yandashevskaya E.A. Approaches to the development of mathematical support for information monitoring and management systems in infocommunication systems .....	178
Ryndin N.A., Danilov D.A. Research of scalability and stability of tools of digitalized organizational systems .....	182

## MIP-2023'AS

Safonova Yu.A., Khromykh E.A., Piskotin A.V. Application of IDEF3 models to evaluate the efficiency of the organization of technological processes.....	193
Sotnikov D.V., Kravets O.Ja. A multi-module system for big data analysis based on machine learning .....	198
Spitsyn A.A., Mutin D.I., Potudinskii A.V. Architecture of the prototype of the task distribution management system in cloud environments .....	205
Author's index .....	215
